

Shirlene Ho

Experience

UI/UX Designer

EF Software Pte Ltd.

March 2024 - Present

- Led the redesign for 10+ B2B facility management applications, successfully transitioning from old legacy systems to SaaS-based platforms while enhancing usability.
- Designed and delivered high-impact data visualisation dashboards tailored to different stakeholder and management levels, enabling clearer insights and more informed business decision-making.
- Produced client-facing marketing collateral and strategic presentations.

Creative Designer

I Concept Digital

May 2023 - 28 Aug 2023

- Understand features in Elementor and woocommerce, discussing with programmers on the feasibility of certain elements and how they would translate on different screen sizes.
- Work on website and app designs, prototyping them via figma for clients.
- Ideate and create engaging static and animated social media posts for a multitude of different clients.
- Create and present visually stimulating and comprehensible EDMs.

Web and Graphic Designer

WLP Digital Consultants Pte Ltd

Aug 2022 - Apr 2023

- Create ecommerce website prototypes in Figma that suit the client's needs and are functional in Elementor.
- Design websites, graphic elements and banners that suit the respective client's brand and identity.
- Proceed with web slicing when designs have been confirmed and pass them on to the developer.

Creative Intern

TiffinLabs

Jun 2021 - Aug 2021

- Assist the Marketing team in creating thematic and demand generation content, working up social media content and building up a wix website for an existing brand.
- Art direct a photoshoot for the food brands and work on the post production for the photography taken
- Assist in developing new and existing brand concepts for TiffinLabs
